

Haringey Park Events

## **CORONAVIRUS**

### **ADVICE FOR EVENT ORGANISERS**

Following the outbreak of Coronavirus, and the introduction of social distancing measures, we have introduced a number of measures to protect public, visitors and staff who are involved in organising events in our parks and green spaces.

A number of upcoming events have been postponed or cancelled.

These are unprecedented times, affecting everyone. We're doing everything we can to protect people and will continue to follow the latest Government advice.

During this period of monitoring and reacting to Government and Public Health England guidance, Haringey Council has decided to suspend all events and activities taking place in parks and open green spaces up until the end of May 2020. Further events may be cancelled or postponed as the situation progresses.
